AirTrack MB-1 Setup

1. Install AT Console on PC. If needed, download can be found here:

   http://cdn.barcodesinc.com/download/ATConsole_v3-2.msi

2. If prompted, install Windows Mobile Device Center on PC. If not prompted, download can be found here:

   https://support.microsoft.com/en-us/help/931937/description-of-windows-mobile-device-center

   (confirm whether you have a 32 or 64-bit version of Windows before downloading WMDC. For help determining version, follow this link: https://support.microsoft.com/en-us/help/13443/windows-which-operating-system)

3. Once WMDC and AT Console are installed, MB-1 can communicate with your PC. Specific instructions for using the AT-Console can be found here:
